

## CORONAVIRUS (COVID-19)

# Preventive measures for workers' health in the retail and shopping centre sector

### PHYSICAL DISTANCING APPLIES TO EVERYONE:

At work, from start to finish

During lunch and breaks

Remind the customers about the rules

Avoid direct contact for greetings – use alternative methods instead

### SO DOES HYGIENE:

Wash your hands regularly for 20 seconds

Sneeze and cough into your elbow

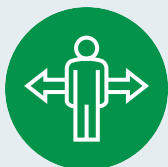

Clean the points of contact on the basket or the cart

Encourage electronic payment

### EMPLOYERS MUST:

Arrange work so that people can maintain a physical distance of 2 metres

Regularly clean surfaces that are frequently touched

Limit the number of customers in the store and the shopping centre
